

Professional Resume

Walter Wilson

Summary of Qualifications

Mr. Wilson is a professional in the area of Supply Chain Management and has over 20 years of experience with manufacturing firms producing automotive equipment, industrial pumps/motors, plastics, and aircraft equipment. He has extensive experience in developing, training, and leading Material and Logistic groups, and has a proven track-record as a leader who can drive change and lead cost effective cross-functional teams that dramatically reduce cost and exceed customer expectations. Mr. WILSON also has training and experience with 6 Sigma, TQM, TQS, ISO/QS procedures, Kaizen, MRP/ERP systems, and is certified by APICS [CPIM] and the NAPM/ISM [CPM] organizations.

Areas of Expertise

- Coach, Mentor, and Manage all facets of Supply Chain Management including purchasing, logistics, warehousing, systems, production and inventory control, customer service, and operations.
- Process Value Mapping development and team based problem solving.
- Change agent and catalyst for continuous improvement, problem identification and resolution.
- Development of processes, procedures, and metric measurements in union and non-union environments.

Professional Experience

- Evaluated Material and Logistic organizational structures, wrote job and process descriptions, implemented structural changes, and conducted employee training to facilitate Supply Chain principles and techniques.
- Served on steering and implementation committees for ERP/MRP systems which included MAPICS, GEMMS, and MACPAC; this all includes experience with other systems such as GLOVIA and SAP.
- Completed new layout of warehouse storage facilities and implemented 5's principals that eliminated the need to acquire a new lease for additional space and avoided the need to build new warehouses.
- Initiated a number of programs that reduced inventory levels by as much as 50%, improved customer service by 30%, and implemented cycle count programs that more than doubled inventory accuracy.
- Initiated 6 Sigma programs that resulted in improving plant output to new record levels and developed a complete SOIP program for a \$300,000,000 business.

Education

Mr. Wilson received his MBA in Business from Ohio University, and his BS degree in Industrial Production Management from Ohio State University. He is active in APICS and is currently the Executive VP of the Lima chapter of Ohio and serves as an APICS certification course instructor.
